Why Spend All Your Valuable Time Scrubbing and Cleaning?

DEPENDABLE

You can count on us to clean your home or office as scheduled, every time. Because your trust is important to us, we carefully screen our personnel, performing thorough background checks and selecting qualified applicants who really enjoy cleaning. All of our employees are bonded and insured, and we take care of their payroll, workers' compensation, and Social Security taxes so you don't have to.

THOROUGH

We will clean your house or office right, every time, just like you want it. We do not cut corners, but take personal pride in cleaning efficiently, thoroughly, and with the utmost care. We will tailor our comprehensive services to meet your specific needs. Weekly and bi-weekly cleaning are our specialty.

PROFESSIONAL

We hire good people, train them well, and provide them with the products and equipment to do the job right, every time. A uniformed and professionally trained two-member team will be assigned to your home to ensure consistency and quality personal care. We utilize a professional video training system and also have an experienced supervisor work side by side with each trainee until they have mastered each skill necessary to meet our high-quality cleaning standards. Our teams will have a customized set of instructions every time they clean your home, and quality control checks are performed by management on a regular basis.

GUARANTEED

Your complete satisfaction is our highest priority. If for any reason you are not satisfied, we will return to meet your expectations at no additional charge within 24 hours.

AFFORDABLE

In this very competitive business you can rest assured that we, a locally and independently owned business, will work hard to offer you the highest level of service at the best possible price.

OUR RESIDENTIAL HOUSE CLEANING SYSTEM:

We will begin your service with an initial "detail clean" of your home. This first cleaning is similar to a spring cleaning or a "catch-up" clean. Before we can begin regularly scheduled cleanings of a home, there are a variety of first time tasks required that take extra effort and time. There's a big difference between "old" dirt and "new" dirt. If we don't get rid of the old dirt first, keeping your home truly sparkling will not be possible. It's not uncommon for us to spend two to three times longer than it will take us on regular, repeat maintenance visits. After this initial detail clean of your home, you can depend on us to provide the following services listed below each time we are in your home to maintain it to the highest standards:

ALL ROOMS

- All readily accessible floors and areas under furniture vacuumed
- Wood floors vacuumed and dust or damp mopped
- Floors washed or mopped
